

GUIDED TOUR PREVIEW

Racial Harmony Series: Kampong Glam Walk

Synopsis:

Walking through Kampong Glam, it is not uncommon to get a conflicting sense of amazement and bemusement. The heart of Kampong Glam, lined with beautiful palm trees and well conserved monuments, is truly a site befitting of a Royal Palace. Yet at the same time, the surrounding streets huff and puff with bustling trades of all kinds, and gorgeous graffiti-splashed walls are only a stones through away.

As we explore the various sites and dig deep into the lifestyle of former occupants, what reveals is a rich tapestry of the activities and businesses occurring in Kampong Glam at the same time, connected by a *gotong royong* spirit and a common respect for social harmony.

You will get to visit the many '*Kampongs*' that were defined by street names, learn about how religion was a key driver of the old economy and discover the marks that each community have left on these royal grounds.
