

ADVENTURE TRAIL (BRAS BASAH)

Survivors and Saboteurs: A Japanese Occupation Experience

Synopsis:

To the current generation, The Japanese Occupation of Syonan-to is a distant memory, a memory that bears little relevance to our lives today. Yet, there are countless lessons from this period that we must remember, and untold stories of bravery and resilience that we must honour.

This tour is not simply a learning visit to sites related to the Japanese occupation. Re-live the darkest period in Singapore's history by joining in the adventures of a survivor from 1942-1945. Work as a team, and navigate your way to a secret safe-house through completing a series of missions at historic sites. Beware of those that might seek to sabotage your endeavour along the way!

At the end of this experience, our aim is to allow you to explore the value of freedom. Discover your own will to survive, and realise that unity at home is key to our continued peace.
